Specified Device List 2019

At Pascoe Vale Primary School, we are currently running a **1:1 BYOD Program** using a range of pre-selected devices. This program is run from **grades 3-6.**

Your Options:

Parent/s carers have two options:

OPTION 1: Parents/Carers do not participate in this program at all. Your child will ***NOT BE*** disadvantaged in their learning. They will be provided with a device from the bank of devices in the 3-6 area when devices are required.

OPTION 2 Parents/Carers can opt into this program at any time throughout the year and purchase one of our pre-selected devices from any source they wish.

- All devices on our selected device list meet the required specifications to run a successful program at Pascoe Vale Primary School.
- All devices are to be purchased from any retail store/source that stocks the chosen device at your convenience. All purchased devices will need to be brought into the school to have the school's **wireless internet certificate** installed for school access.
- Pascoe Vale Primary School takes no responsibility for lost or damaged devices. Insurance/extra warranty and damage protection cover are highly recommended if participating in the 1:1 BYOD program.

IMPORTANT:

- ***Devices purchased that are NOT on the pre-selected device list WILL NOT be able to be used at the school. This is because the specifications of the device do not match requirements needed to conduct our programs.***

- ***Pascoe Vale Primary School takes no responsibility for lost or damaged devices. Insurance, extra warranty and damage protection cover are highly recommended if participating in the 1:1 BYOD program. These will need to be organised independently.***

- ***All specified devices that are purchased will be installed with a school wireless certificate for access to the school's network.***

- ***The Office 365 suite will be supplied as part of the 1:1 program. Please do NOT purchase the Office software.***

- ***Prior to the devices being connected to the schools network, parents must attend an eSmart information session and agree to the programs acceptable user agreement.***

- ***Insurance and warranty is NOT supplied by PVPS and will need to be supplied/purchased through your chosen supplier.***
